Officer Broder also emphasized that when residents have issues with students they may call CPD at 252-2911 in non-emergency situations. Where neighbors have unsuccessfully attempted to resolve an issue with a student neighbor, they may file an incident report with the Office of Student Conduct by visiting <http://www.housing.sc.edu/osc/>.

## **VI. Old Business.**

**A. Update of Traffic Studies/City Engineering Dept. – Carla Moore.** The City is conducting traffic studies in the neighborhood, and data should be available in October. The City may make some safety improvements, including constitute repainting stop bars and adding reminders on stop signs that signs are 2-way stops or 4-way stops.

**B. Increased Lighting in Shandon.** The City wants SNC approval for a lighting plan. The City contacted residents by postcard and asked whether they supported or opposed new lights in specific locations. Maps, which have been made available at several meetings, indicate whether residents supported, opposed, or failed to respond to proposed lighting additions.

The Council was asked to vote on whether it supported new lighting, and the Council voted in support of the City moving forward with installation of new lighting.

## **VII. New Business.**

**A. Habitat Re-Store. Neighborhood Blitz Day.** Habitat for Humanity is asking for a Blitz Day for neighbors to donate household goods. Trucks will be in the neighborhood to pick up items. There seemed to be general support for the idea, and Council asked whether an advance date in the spring could be arranged.

**B. USC Office of Off Campus Housing Outreach to Neighborhood.** This was organized in an effort to minimize and resolve conflicts between students and full time residents in Shandon. Part of the plan is that, on October 4, student workers will walk around the neighborhood and welcome people, but there may be a conflict with another walk and may need to be rescheduled.
